### **BONDS FOR STEWART**

His Syndicate Takes the Entire New Issue.

Its Bid Is 117.077 for the Whole \$50,000,000.

Secretary Carlisle Announces Its Acceptance To-Day.

WASHINGTON, Nov. 26.—Secretary of the Treasury Carlisle has decided to accept the bid of the Stewart syndicate for the entire new bond issue of \$50,000,000. The bid made by the syndicate was 117.077. President Stewart, of the United States Loan Company, will receive noti-fication of the acceptance of his bid by mail. The following banks and bankers are interested in the syndicate:

Drezel & Co., Philadelphia; J. S. Morgan & Co., London; National Bank of Commerce, New York; Chase National Bank, New York; Fourth National Bank, New York: National City Bank, New York; Hanover Nauconal Blink, New York; First National Benk, Chicago: Mutual Life Insurance Company, New York; Gallatin National Bank, New York; Merchants' National Bank, New York; Manhattan Company, New York; Morton. & Co., New York; L. E. S. Wormser, New York; J. & W. Seligman & Co., New York; Bisir & Co., New York; Vermilys & Co., New York; F. Z. Smithers & Co., New York; Komize Bros., New York; Laillaw & Co., New York; Komize Bros., New York; Laillaw & Co., New York; Housery Savings Bank, New York; Greenwich Savings Bank, New York; Greenwich Savings Bank, New York; Greenwich Savings Bank, New York; Copper, Hewitt & Co., New York; A. E. Eno, New York; A. E. Orr, for Brooklyn Savings Bank; Brewster, Cobb & Estabrock, Boaton; Winslow, Lanier & Co., Brooklyn

Trust Company: E. Rollina, Mores & Bro., Binks Bros. & Co.

The following is the official statement cancerning the acceptance of the syndicate's proposal made at the Treasury:

"The Secretary of the Treasury has accepted the proposal of Mr. John A. Stewart, President of the United States Trust Company, and his associates to purchase the entire issue of 5 per cent. bonds, amounting to \$50,000,000, at 117,677 and accrued interest from Nov. I.

"The proceeds of the bonds under this bid will be \$48,517.82 greater than they would be if the other highest bids were accepted. A very important advantage to the Government in accepting this bid is the fact that all the gold will be furnished outside and none drawn from the Treasury." It is also more convenient and less "It is also more convenient and less."

Treasury to pay for the bonds but that on the other hand payments therefor will be made promptly.

Already Assistant Secretary Curtis has been in communication by long distance telephone with parties representing the syndicate who desire to know when they can deposit gold for the bonds.

He roplied that they could do so at the Sub-Treasury at New York up to the close of business to-day.

It will be some days, however, before the entire amount can be paid, as some of it will find its way into the Sub-Treasuries at Chicago, San Francisco and other Sub-Treasuries.

The total sum that the Government will receive for the issue will aggregate about \$55,000,000, and as the understanding is that the syndicate will not take gold out of the Treasury to pay for the bonds, a healthy increase in the gold reserve will be the result.

From the statements contained in the bid made by the syndicate. Treasury officials believe that between \$30,000,000 and \$40,000,000 of the gold will be paid in at the Sub-Treasury at New York and the remainder at the Sub-Treasuries at Boston. Philadelphia, Chicago and San Francisco.

Treasury officials will not give the de-nominations of the bonds that are de-aired. There were no notices of with-drawals of gold at New York for the payment of bonds received at the Treas-ury Department up to 1 o'clock to-day. The gold reserve to-day is stated to be \$57,669,701.

#### NO INFLUENCE ON STOCKS.

The announcement that Secretary Carlisic had awarded the syndicate Carlisic had awarded the syndicate formed by President Stewart, of the United States Trust Company, the entire \$60,000,000 Government bond issue at 117.077 had no perceptible influence upon the Wall street market this afternoon.

J. Pierpont Morgan authorizes the following statement: The syndicate which has secured the issue of Government bonds will place them on sale. Persons wishing to obtain them can procure a limited amount—the first \$5,000,000 anyway—at 119. Applications for the bonds may be made to Harvey Fisk & Sons, or to Drexel, Morgan & Co.

It is stated that Mr. Rocketeller bid for \$10,000,000 bonds through the syndicate, and will be allotted only \$5,000,000.

The Sub-Treasury has received some sold on account of the bond issue to-day. The Bank of Commerce deposited \$100,000 gold in the Sub-Treasury to-day, and the British Bank of North America deposited \$1,000,000 gold, mostly double eagles.

ST. JOHNS, N. F., Nov. 26.—The third steamer within forty-eight hours to put into this port short of coal was the German steamer Polaria, of the Hamburg-American line. She arrived this morning in a badly damaged condition about the decks. The Polaria left Hamburg on Nov. 8 for New York. Gales were encountered every day of the passage.

Tremendous seas swept over the vessel continually, and it was only with the greatest difficulty that the steamer could be so handled as to prevent her foundering. The passengers were terribly frightened, and the officers had all they could do to prevent a panic. Sergt. Dunn, of the Weather Bureau, report
